SIMILARITY ASSESSMENTS IN DRUG DISCOVERY

D. Filimonov

Institute of Biomedical Chemistry, Moscow, Russia

CV

Dmitry Filimonov is Leading Scientist at the Laboratory for Structure-Function Based Drug Design at the Institute of Biomedical Chemistry. He graduated as an M.Sc. physicist (1977) and earned his Ph.D. in Biophysics at Moscow Institute for Physics and Technology (1981). He is a co-author of more than 100 articles published in peer-reviewed journals and monographs. Dr. Filimonov's research interests include bioinformatics, chemoinformatics, (Q)SAR and computer-aided drug discovery.
